D. LEARNING OUTCOMES

Mission

The mission of the Udvar-Hazy School of Business is to prepare students for successful employment, advanced learning and service to community. We are committed to providing an environment that embraces experiential learning, stimulates academic excellence and incorporates ethical considerations.

Goals

1. Provide students with accounting and core business knowledge and skills that enable attainment of advanced accounting degrees and success in a rapidly changing, competitive professional environment. (Core Theme One – A Culture of Learning)
2. Develop students' awareness of and analytical and decision-making skills regarding business ethical issues. (Core Theme Two – A Culture of Values)

3. Establish partnerships with the community and alumni to provide an education that responds to local and industry needs and affords valuable, applied learning opportunities and community engagement. (Core Theme Three – A Culture of Community)
4. Employ highly qualified faculty members who foster open, innovative, analytical, and student-focused learning environments. Support academically and professionally active faculty who model continuous improvement in their practice and service. (Core Theme One – A Culture of Learning)

Accounting Department - Student Learning Outcomes

Accounting professionals are looked upon as trusted business advisors and must develop and maintain high standards of professionalism, ethics, and technical competency. Irrespective of the interest area in which the individual works, be it accounting and bookkeeping, auditing, tax, or consultation, accountants are expected to be able to: **identify** relevant issues; **gather** information related to those issues; **compile and synthesize** that information into a format useful for its intended users; and **communicate or report** the results in an effective and reliable manner. Therefore, it is important that we as educators instill those competencies into our students. Upon completion of an accounting degree at Dixie State University, students will demonstrate the ability to:

1. **Identify:** identify accounting, tax, auditing and ethical issues in structured and unstructured fact-based situations.
2. **Gather:** perform research using the professional body of knowledge in the accounting discipline.
3. **Compile/Synthesize:** use a range of techniques to perform analysis, synthesize information and draw conclusions.
4. **Communicate/Report:** communicate effectively in quantitative and qualitative terms through writing and speaking.

F. EXAMINATIONS & QUIZZES

Four examinations are given in Managerial Accounting 2020. All exams, with the exception of the final, will be taken in the Testing Center on the scheduled days. A chapter quiz will be administered at the end of each chapter. **Except under very unusual circumstances, no late quizzes and/or exams will be allowed!**

G. LEARNSMART ASSIGNMENTS

The LearnSmart assignments need to be completed by the required due date. The due dates for each LearnSmart activity are provided on the class schedule. Completing the LearnSmart assignments are crucial for understanding the concepts presented in this course. You will generally be required to complete the LearnSmart assignments **prior** to the beginning of each chapter discussion. The class discussions assume that you are well prepared to discuss the topic(s) of the day. You will be randomly called on in class to provide valuable input to the class discussion.

H. HOMEWORK

Homework is to be completed within McGraw Hill Connect. Homework will be graded on its accuracy and must be submitted by the due date indicated on the class schedule (no late homework accepted). We will review the homework each day so as to give instant feedback. Preparation and review of homework will be most beneficial as students prepare for quizzes and exams.

I. GRADING

Grading is not on a curve. Your grade will be based on the percentage of total points earned.
